

FACULTY MENTOR

El Amili, Abdelkrim

PROJECT TITLE

Opto-electrical probes for Silicon chips testing

PROJECT DESCRIPTION

We are looking for an energetic, self-motivated, detail-oriented CAD designer student to participate in the development of opto-electrical probes for silicon photonic chips testing.

INTERNS NEEDED

1 MS or BS Student

PREREQUISITES

Mechanical and/or Electrical Engineering background and a very good knowledge in 3D mechanical design. Experience in probing RF and DC signals is a plus. Previous experience in these areas will be a plus.
