Suggested Transfer Plan 2016-2017

PLEASE NOTE: All courses used to satisfy major requirements must be taken for a LETTER GRADE.
This plan assumes that students have completed equivalent lower division MATH and PHYS courses at the community college that are required for the major.
Due to six different college requirements, only major requirements are listed.
*ECE 108 must be replaced with an upper division CSE or ECE course that doesn't satisfy any other requirement.
CSE 8AB is designed for students who do not have previous programming experience.
